## Profile

Motivated and detail-oriented Front-End Developer with strong skills in HTML, CSS, JavaScript, React, and Tailwind CSS. Passionate about creating clean, responsive, and user-friendly interfaces. Currently studying Computer and Information Systems and gaining hands-on experience through academic and personal projects. Eager to learn, contribute to real-world products, and grow in a professional environment.

## Education

**Bachelor of Science in Computer and Information Systems**, University of Uyo, akwa ibom state 📍

01/2023 | Akwa-Ibom state, Nigeria

Currently pursuing undergraduate studies in Computer and Information Systems, with a focus on software development, database management, and IT infrastructure. Gaining hands-on experience through academic projects, collaborative coursework, and continuous learning in emerging technologies.

## Projects

### Student Attendance and Grade Tracker

09/2025 – 10/2025

Developed a web-based application to monitor student attendance and academic performance. Implemented features for real-time data entry, automated grade calculations, and responsive UI using Tailwind CSS, and JavaScript.

### Simple Blog Application – HTML, CSS, JavaScript

08/2025

- Built a basic blog platform as part of Web Development coursework - Implemented features like post creation, editing, and deletion using front-end technologies - Practiced responsive design and basic DOM manipulation - Strengthened understanding of client-side scripting and layout structuring

## Skills

### Front End Developer

*Experienced in building responsive, accessible, and user-centric web interfaces using modern frontend technologies.*

### Soft Skills

Problem Solving  
Communication  
Teamwork  
Adaptability  
Time Management  
Attention to Detail  
Willingness to Learn  
Critical Thinking

### Technical Skills & Tools

- **Languages & Markup:** HTML5 (semantic structure, accessibility), CSS3 (Flexbox, Grid, animations), JavaScript (ES6+)
- **Frameworks & Libraries:** React.js (hooks, state management, routing), Tailwind CSS, Bootstrap
- **Version Control:** Git & GitHub (branching, pull requests, collaboration)
- **Responsive Design:** Mobile-first development, cross-browser compatibility, adaptive layouts
- **UI/UX Principles:** Clean design, usability, accessibility, wireframing
- **Tooling & Workflow:** VS Code, Chrome DevTools, npm, basic Webpack and Babel configuration, Vite.
- **API Integration:** RESTful APIs, JSON handling, asynchronous data fetching (Fetch API, Axios)

### Highlights

- Developed and maintained multiple responsive web applications with React and Tailwind CSS
- Translated UI/UX designs into functional, pixel-perfect interfaces
- Collaborated with backend teams to integrate APIs and optimize performance
- Implemented reusable components and design systems for scalable development

## **Portfolio Website — React / Tailwind CSS**

06/2025

- Built a personal portfolio to showcase projects
- Implemented responsive layouts using Tailwind CSS
- Added animations and clean UI components
- Hosted on GitHub Pages/Netlify for easy viewing
